- Planning Report dated February 16, 2022

Planning Opinion The variance requested would provide relief from the maximum floor area requirements for an existing home industry (Lumber Mill). The applicants are proposing to construct a 222.9 m² (2,400 ft²) addition to an existing 557.4 m² (6,000 ft²) shop for additional storage space.

We have no concerns with the requested relief and are satisfied that the application maintains the general intent and purpose of the Official Plan and Zoning By-law, and would be desirable and appropriate for the development of the subject property

SUBJECT PROPERTY AND LOCATION

The location of the subject property is described as Concession 12, Part Lot 9 and is Municipally known as 6816 Side Road 4, Geographic Township of Arthur. The property is approximately 61.16 ha (151.13 ac) in size with an existing dwelling, barn, two sheds and a home industry (lumber mill).

PROPOSAL

The purpose of this application is to provide relief from the maximum floor area requirements for an existing home industry (lumber mill) on the subject property. The proposed variance will permit an increased floor area of 222.9 m² (2,400 ft²) to an existing 557.4 m² (6,000 ft²) shop in order to store pallets manufactured on site. The current site specific zoning by-law permits a maximum floor area of 594.56 m² (6,400 ft²).

WELLINGTON COUNTY OFFICAL PLAN

The subject property is designated PRIME AGRICULTURAL, CORE GREENLANDS and GREENLANDS. The identified features include Maitland Valley Conservation Authority regulated Provincially Significant Wetlands, Hazard Lands and an Environmentally Sensitive Area. The proposed home industry is located outside the Core Greenland features on the property.

Under section 6.4.3 of the Plan, secondary uses including home businesses and farm businesses are permitted. Section 6.4.4 further outlines that a home business includes home industries which “are small in scale with a limited number of employees, and minimal off site impacts – examples include minor equipment repair, woodworking, crafts, and welding”.

Committee of Adjustment Minutes February 22, 2022**Page 3 of 8**

Section 13.7 of the Plan provides consideration for minor variances provided the general intent of the Official Plan and Zoning By-law are maintained and the variance is minor and desirable for the appropriate development of the land. Consideration shall be given as to whether compliance with the by-law would be unreasonable, undesirable or would pose an undue hardship on the applicant.

TOWNSHIP OF WELLINGTON NORTH ZONING BY-LAW

The subject property is zoned Agricultural Site Specific (A-155) and Natural Environment (NE) Zone. The applicant is proposing to construct a 222.9 m² (2,400 ft²) addition to an existing 557.4 m² (6,000 ft²) shop for a total floor area of 780.30 m² (8,400 ft²) for an existing home industry. The applicants have indicated that the additional space will be used to store wooden pallets manufactured on site. The home industry is to remain small scale and secondary to the main use on the property. The property appears to be large enough to accommodate the addition to the home industry.

The variance requested would provide relief from Section 33.155 site specific of Zoning By-law 66-01 to expand the existing Home Industry (Lumber Mill) with an increased floor area of 222.9 m² (2,400 ft²).

Home Industry	Required	Proposed	Difference

Richard and Grace Gingrich

We have reviewed the application for minor variance and provide the following comments. Please be advised that these comments were formulated without the benefit of a site visit.

Planning Opinion The variance requested would provide relief from the maximum floor area requirements for a home industry (farm equipment repair shop). The applicants are proposing to construct a new 334.45m² (3,600 ft²) farm equipment repair shop on the subject property.

We have no concerns with the requested relief and are satisfied that the application maintains the general intent and purpose of the Official Plan and Zoning By-law, and would be desirable and appropriate for the development of the subject property.

SUBJECT PROPERTY AND LOCATION

The location of the subject property is described as Concession 11, North Part Lot 20 and is Municipally known as 8884 Concession 11, Township of Wellington North. The property is approximately 40 ha (98.84 ac) in size with an existing dwelling and three sheds. The location of the property is shown on Figure 1 below.

PROPOSAL

The purpose of this application is to provide relief from the maximum floor area requirements to establish a new home industry (farm equipment repair shop) on the subject property. The proposed variance will permit a maximum area of 334.45 m² (3,600 ft²). The current zoning by-law permits a maximum floor area of 232.25 m² (2,500 ft²).

Section 6.4.4 further outlines that a home business includes home industries which “are small in scale with a limited number of employees, and minimal off site impacts – examples include minor equipment repair, woodworking, crafts, and welding”.

Section 13.7 of the Plan provides consideration for minor variances provided the general intent of the Official Plan and Zoning By-law are maintained and the variance is minor and desirable for the appropriate development of the land. Consideration shall be given as to whether compliance with the by-law would be unreasonable, undesirable or would pose an undue hardship on the applicant.

TOWNSHIP OF WELLINGTON NORTH ZONING BY-LAW

The subject property is zoned Agricultural (A) and Natural Environment (NE). The applicant is proposing to construct a new 334.45 m² (3,600 ft²) home industry (farm equipment repair shop). The home industry is to remain small scale and secondary to the main use on the property. The property appears to be large enough to accommodate the home industry.

The variance requested would provide relief from Section 6.14 (d) of Zoning By-law 66-01 to establish a new home industry (farm equipment repair shop) with a maximum floor area of 334.45 m² (3,600 ft²).

Home Industry Regulations	Required	Proposed	Difference
