COUNTY OF WELLINGTON

COMMITTEE REPORT

To: Chair and Members of the Planning Committee
From: Sarah Wilhelm, Manager of Policy Planning
Date: Thursday, April 14, 2022
Subject: County Official Plan Review – Draft Land Needs Assessment

PLANWELL

1.0 Purpose

This report provides an overview of the County of Wellington’s Draft Land Needs Assessment as part of the Municipal Comprehensive Review (MCR).

2.0 Background

The Growth Plan for the Greater Golden Horseshoe (2019) sets out population and employment forecasts and requires municipalities to plan to achieve these forecasts by 2051. As part of this planning, the County is required to complete a Land Needs Assessment. A Land Needs Assessment is a technical, County-led process that determines:

- the amount of land required to accommodate the Provincially-projected growth to the 2051 planning horizon;
- the need for any Employment Area land conversions to non-industrial uses;
- the need for any urban settlement area boundary expansions; and
- the quantity of Excess lands.

The County is required to use a standard Land Needs Assessment methodology established by the Minister of Municipal Affairs and Housing in August 2020. The methodology is used to calculate two separate land needs, one for the Community Area and one for the Employment Area. Community Area lands account for a significant share of the County’s urban areas and are where the majority of residential, commercial, office and institutional uses are found. Employment Areas are urban industrial clusters designated as industrial in the County Official Plan.

Before considering urban area boundary expansion, the Land Needs Assessment must demonstrate that sufficient opportunities to accommodate growth through intensification and development in the existing designated greenfield area are not available. The timing of proposed urban area expansion and the phasing of development within the designated greenfield area must not undermine the achievement of the minimum intensification and density targets.

Watson & Associates Economists Ltd. have prepared a detailed draft technical report entitled “Phase 2 Municipal Comprehensive Review: Land Needs, Draft Report, March 31, 2022” (link to [Executive Summary](#) and [Draft Report](#)). Prior to releasing the Draft Phase 2 Report, the County provided Member Municipalities with summary information related to land need, as well as population and employment allocations. The Draft Land Needs Assessment findings were also presented to the public in December 2021.

3.0 Key Findings

The key findings of the Draft Land Needs Assessment report are as follows:

GROWTH PLAN POLICY AREAS

Intensification Target

15%

- an alternative intensification target of 15% is recommended within the delineated built-up area subject to Provincial approval (20% target currently applies in Growth Plan and County Official Plan)

Greenfield Area Density Target

40

people and jobs
per hectare

- County-wide designated greenfield area density target of 40 people and jobs per hectare is recommended to be maintained
- Since the initial results were presented, the Centre Wellington target has been increased from 44 to 47. As a result, the need for Community Area urban expansion in Centre Wellington was reduced by approximately 69 ha (170 ac).

Employment Area Density Target

18

jobs per hectare

- an urban Employment Area density target of 18 jobs/ha is recommended
- a rural Employment Area density target of 10 jobs/ha should be considered

Housing Forecast by Policy Area

- over the 2022 to 2051 forecast period the housing forecast by policy area is 15% built-up area, 75% designated greenfield area and 10% rural area

URBAN EMPLOYMENT AREA CONVERSIONS

Review of Conversion Requests

- six sites of approximately 79 ha (195 ac) were reviewed, three in Centre Wellington and three in Wellington North

Centre Wellington

- three site areas within the Township of Centre Wellington recommended for conversion have the following impact on land needs:
 - Employment Area settlement area boundary expansion requirements for Centre Wellington are increased by 14 ha (35 ac) from 146 ha (360 ac) to 160 ha (395 ac)
 - Community Area settlement area boundary expansion requirements for Centre Wellington are reduced by 9 ha (22 ac) from 247 ha (610 ac) to 238 ha (590 ac)

URBAN EMPLOYMENT AREA CONVERSIONS (continued)

- Centre Wellington (continued)**
- Two of the recommended sites will increase the commercial/mixed-use and housing intensification potential for Centre Wellington. The largest site at 24 ha (59 ac) is in the Beatty Line and Hill Employment Area.
- Wellington North**
- Majority of lands within the three site areas in Wellington North are recommended to remain as Employment Area
 - A 2 ha (5 ac) portion recommended for conversion to Community Area due to location next to a sensitive use (secondary school) and lack of area for an adequate buffer has the following impact on land needs:
 - Reduces Employment Area Excess by 2 ha (5 ac)
 - Reduces re-designation of Future Development lands by 2 ha (5 ac)

URBAN COMMUNITY AREA LAND NEEDS

Need for Future Development Re-designation

- re-designation of approximately 201 gross hectares (497 ac) of Future Development designated lands within urban areas to community area uses in:
 - Wellington North* 81 ha** (200 ac)
 - Minto* 61 ha (150 ac)
 - Erin* 44 ha (110 ac)
 - Mapleton* 15 ha (37 ac)

*includes need for 7 ha of additional commercial land in Hillsburgh and 2 - 3 ha in Arthur, Palmerston and Drayton

**adjusted for recommended Employment Area conversion

Need for Community Area Urban Expansion

- remaining shortfall of approximately 290 gross hectares (715 ac) of urban expansion for community area land in:
 - Centre Wellington 238 ha* (588 ac)
 - Mapleton 34 ha (84 ac)
 - Minto 18 ha (44 ac)

*adjusted for recommended Employment Area conversions

Need to Identify Excess Lands

- a surplus of approximately 89 gross hectares* (220 ac) of Community Area land to be identified as Excess lands in Wellington North

*adjusted for recommended Employment Area conversion

URBAN EMPLOYMENT AREA LAND NEEDS

Need for Employment Area Urban Expansion

- shortfall of approximately 187 gross hectares (460 ac) of urban expansion for Employment Area land (as adjusted for recommended Employment Area land conversions):
 - Centre Wellington 160 ha* (395 ac)
 - Erin 18 ha (44 ac)
 - Mapleton 9 ha (22 ac)

*adjusted for recommended Employment Area conversions

Need to Identify Excess Lands

- a surplus of approximately 40 gross hectares* (100 ac) of Employment Area land to be identified as Excess lands in Wellington North

*adjusted for recommended Employment Area conversion

4.0 Attainable Housing and the Land Needs Assessment

In March 2022, the County launched a community awareness campaign aimed at furthering public understanding of the range of housing options that can be considered to meet the County's future housing needs. The Municipal Comprehensive Review offers an opportunity to review and update Official Plan policies to support healthy, compact and complete communities in Wellington County. The County has already taken steps to increase housing options through second unit policy updates in 2017 and additional residential unit policies in 2020. The first MCR Official Plan Amendment (OPA 119) adds the concept of building "complete communities" as a key objective of the Plan.

The Land Needs Assessment provides a residential intensification analysis. Residential intensification in built-up areas offers an opportunity to broaden the choice of housing in the County and encourage pedestrian-friendly, healthy and complete communities. From a land needs perspective, intensification reduces the need to accommodate housing within existing greenfield areas and/or urban expansion areas. Intensification can take many forms including:

- Development on vacant sites within the built-up area;
- Redevelopment, including the reuse of brownfield sites;
- Additional development on underutilized lots;
- Infill development and development on small vacant sites surrounded by developed parcels;
- Expansion or conversion of existing buildings (e.g. non-residential building converted to residential use); and
- Additional residential units (ARUs) within existing dwellings and ancillary buildings.

The County's housing intensification forecast in the built-up area by urban centre is shown in Figure 1. Medium and high density development in the greenfield area and additional residential units in the rural area will also provide more housing choices.

Figure 1 Total Housing Forecast in Built-up Area by Urban Centre, 2022 to 2051
County of Wellington

Once the technical results of the Land Needs Assessment are finalized, staff will review and revise Official Plan policies to implement the necessary policy changes. This, and other phases of the Official Plan Review, provide opportunities to consider ways to support other County initiatives such as the Attainable Housing Strategy.

5.0 Consultation

The Draft Phase 2 MCR Report: Land Needs was circulated for comment to Member Municipalities, Indigenous communities, agencies and stakeholders/members of the public on Tuesday, April 5, 2022. The deadline for comments is **Tuesday, May 3, 2022**.

As previously noted, the County has also submitted a formal request for an alternative intensification target of 15% which is a reduction of the current 20% intensification target. The request was outlined in Planning Committee Report PD2021-16, which was provided to Member Municipalities and posted to the project website. The formal request was sent to the Ministry of Municipal Affairs and Housing on May 14, 2021. The County provided supplemental information to the Province contained in a July 20, 2021 memo from Watson & Associates. The Draft Phase 2 report also includes a detailed intensification analysis. At the time of writing this report, the Province has not made a decision on the request.

To date, the Phase 2 Land Needs Assessment consultation activities have also included the following:

6.0 Public Information Centre (PIC)

On December 13, 2021 at 6:30 p.m. the County Planning and Development Department held a virtual PIC on the draft findings of the Phase 2 MCR Urban Land Needs Assessment. The PIC provided the public with an overview of the Land Needs Assessment and an opportunity to ask questions about the work completed to date.

At the meeting Watson presented an overview of the Phase 2 approach and findings, followed by a facilitated question and answer period. There were specific questions posed to participants to generate discussion and feedback. In total there were 50 participants who attended the virtual meeting.

The feedback at the meeting covered topics such as agricultural impact, growth in Centre Wellington, heritage preservation in Centre Wellington, rural residential growth in Puslinch and Excess land in Wellington North. The discussion that took place along with staff responses are included in the meeting summary prepared by LURA Consulting in Appendix A.

7.0 Next Steps

PHASE 2

The next steps for the Phase 2 component of the MCR include the following:

- Staff will review comments on the Draft Phase 2 Report and input we have already received, results will be refined, and the Phase 2 report will be finalized; and

- Staff will draft an Official Plan Amendment(s) implementing Phase 2 for consideration of alternative intensification target, employment area density, and other policy areas as appropriate.

PHASE 3

The Phase 3 MCR Report will explore the following based on the findings of the Phase 2 Report:

Community Area

- re-designation of Future Development lands, location options for urban settlement area boundary expansion(s), location options for Excess lands, etc.

Employment Area

- location options for urban settlement area boundary expansion(s), location options for Excess lands, etc.

Rural Area

- addressing rural employment area needs and review rural residential development potential in secondary urban centres (Aberfoyle, Morriston), hamlets and through severances in the secondary agricultural area in Erin, Minto and Puslinch

The County will host additional engagement during Phase 3 to provide an opportunity for Member Municipalities, Indigenous communities, agencies, stakeholders and the public to comment.

8.0 Recommendations

That the report “County Official Plan Review – Draft Land Needs Assessment” be received for information.

That the report be forwarded to Member Municipalities and to the Ministry of Municipal Affairs and Housing.

Respectfully submitted,

Sarah Wilhelm, MCIP, RPP
Manager of Policy Planning

Appendix A

Public Information Centre (PIC) Meeting Summary (December 13, 2021)

Wellington County Official Plan Review Virtual Public Information Centre (PIC) Meeting Summary

Prepared by LURA Consulting

Background

The County of Wellington is currently reviewing its Official Plan (OP) to complete a Municipal Comprehensive Review (MCR) and a 5-year review of its Official Plan as specified under Section 26 of the *Planning Act*. An MCR is part of the OP review process. It establishes a long-term vision and planning framework for a municipality that fosters a sustainable approach to future residential growth and economic development. The County is doing this to prepare for additional population and employment growth and ensure that the updated OP supports healthy, compact and complete communities in Wellington as directed through *A Place to Growth: Growth Plan for the Greater Golden Horseshoe*.

In December 2021, the County provided an update on the Official Plan Review process and engaged community members to gather public input and answer questions on the County of Wellington's MCR. The County also presented the growth forecasts and municipal allocations, and land needs assessment analyzed by the County's consultants, Watson & Associates Economists Ltd.

This consultation builds on the Phase 1 Report presented in June 2021, which focused on the proposed Urban Structure and Growth Analysis for the County of Wellington. To learn more about the work completed in Phase 1, please [review the presentation](#) and [read the consultation summary](#). The draft Phase 1 MCR Report: Urban Structure and Growth Allocations is also available on the website. Phase 2 work focuses on Urban Land Needs and Policy Recommendations and the Report's findings were the topic of this consultation. A third phase of work is planned that will examine the results of the Phase 2 and determine appropriate locations for potential Settlement Area Boundary expansions.

Meeting Promotion

Members of the public who wished to join the Virtual PIC were requested to register in advance. Individuals could also join the meeting by calling in by phone.

A public notice regarding the Virtual PIC was published through the Wellington Advertiser two weeks before the meeting. The meeting was also promoted through the County's social media platforms to raise awareness.

Meeting Overview

The Virtual PIC was held on December 13, 2021, with a purpose to:

- Provide an update on the County of Wellington's MCR and OP Review process
- Review the growth forecasts and municipal allocations, and present the municipal results of the Land Needs Assessment
- Gather feedback and answer questions participants have about Wellington County's MCR

The meeting presentation was publicly posted in advance on [Plan Well](#), the County of Wellington's Official Plan Review website, to allow participants the opportunity to review beforehand or follow along if they joined the meeting by phone. **In total, 50 participants joined the meeting.**

Susan Hall (Facilitator from LURA Consulting) began the meeting with an introduction and overview of the meeting agenda. Sarah Wilhelm (Manager of Policy Planning at the County of Wellington) provided introductory remarks and a brief context to the County's Official Plan review process. Jamie Cook and Brad Post (Consultants at Watson & Associates) delivered a presentation on the following topics of the OP Review:

- Policy Context and Growth Plan
- Urban and Rural Systems
- Population and Employment Growth Forecasts
- Urban Community Area and Employment Area Land Needs, Approach and Methodology
- Residential Intensification
- Excess Lands

Susan Hall facilitated a discussion to receive feedback and comments from members of the public. A summary of the facilitated discussion is provided below.

What We Heard

General OP Review and MCR process

Participants were invited to ask questions and share their comments regarding the approach to accommodating population and employment growth in the County of Wellington.

Participants were asked the following question to prompt discussion:

- What questions, comments and feedback do you have on the approach to accommodating population and employment growth in Wellington County?

The questions, answers and comments are included as follows. Questions are marked by a 'Q', comments are marked with a 'C', and answers and responses are noted with an 'A'.

Q: Will the MCR become part of OPA 119, and can you clarify the relationship between them?

A: OPA 119 captures part of the work from Phase 1 and other aspects of the MCR are rolled out in the future phases.

Q: Would areas like Crieff and Killeen be considered Hamlets and is there an opportunity to expand small settlements when considering future growth? There is a great deal of residential expansion in Puslinch, so I struggle to see why it has been given a 0% growth rating.

A: The 0% only speaks to the intensification components and not to total population, housing, or employment growth being forecasted for Puslinch. There is moderate growth for housing, population, and employment in Puslinch, but it is not classified as intensification as defined by the Growth Plan. The County cannot identify a specific intensification target for settlement areas in Puslinch, because the Province has not identified any delineated built-up areas in these settlement areas due to their size and servicing. However, this does not mean that there cannot be any intensification within the definition of the Growth Plan. Crieff and Killeen are not identified as a Hamlets within the County Official Plan. These areas may have had some status in the former Puslinch Official Plan, but that was never carried forward into the County's Official Plan. The growth structure is being dealt with as part of OPA 119. Killeen was not recognized in the former Puslinch Official Plan. There is a policy that is being proposed to remove, and it is a policy that allows for infilling in rural settlement areas.

Q: How will the second stage of Audrey Meadows (Country Residential home development in Puslinch) be impacted?

A: The expansion of the Country Residential Subdivision is subject to site specific applications that are currently active, and the County cannot comment on those applications at this point in time. The County has received comments on Audrey Meadows for OPA 119 and the MCR, and these will be reviewed with all other comments received.

Q: I own a property in Arthur. If I wanted to build a business on my fallow field, would I be able to use that area, or would that be considered excess land?

A: This is difficult to answer without looking at a map and identifying where the designated excess lands are located. A closer look at the area is needed to provide a more accurate and specific answer.

Q: Wellington North is the only area identified with excess land. Would property owners be limited in how these lands are developed in the next ten years, and in what other ways would they be impacted?

A: The Province is asking for an identification of excess lands through the Growth Plan. The land designations will have to be reviewed against the results of the land need

requirements and will be subject to infrastructure capacity and constraints. This can limit growth but will need to be further examined.

Q: Are the 130 hectares of excess land in Wellington North residential, employment or both?

A: They will be a combination of community area, employment area and Future Development lands.

Q: Centre Wellington will require growth to 2051 as part of the 319 hectares. Does this include the non-built-up areas within the areas noted as designated greenfield lands in the current Official Plan?

A: Yes, an additional 319 hectares is needed in addition to the already designated lands. It will be above and beyond what has been designated.

Q: A minimum of 20% of Wellington's housing growth is planned through intensification in the delineated built-up area, including the protected Elora and Fergus heritage areas. What technical studies have been conducted to identify the appropriate intensification capacity that can be accommodated within the heritage areas, considering their low-rise small-town scale and historic streetscapes?

A: There is a heritage planner at the Township who is looking at the heritage areas in the County. There are also tools within the current Official Plan that require a heritage impact assessment and conservation plans that address potential impacts of a development proposal to areas adjacent to heritage resources or on a property containing heritage resources. These are evaluated on a case-by-case basis within the context of each proposal.

Q: There are concerns that accommodating growth in existing settlement areas that are heavily populated might lead to sprawl. Would an alternative approach be to create new centres or facilitate growth in smaller population centres?

A: There is currently a well-established structure to identify where growth exists and where it will be directed in the long-term. The primary focus will be on the urban centres given that this has already been set out in the provincial policy documents. In addition to provincial policies, market demand is also being considered. Shifting a little bit more growth into the northern communities of Minto and Mapleton is also being considered, but this requires balance. Determining how much is appropriate to shift requires ongoing monitoring of the projections to the actual growth. This is also why an update at a minimum of every ten years is useful so that trends can be continually reviewed and plans adjusted accordingly over time. Additionally, while the provincial policy statement allows for new settlement areas to be designated, the Growth Plan does not allow new settlement areas to be created, making it challenging.

Q: If Puslinch is designated a Hamlet, what type of developments could go there?

A: This identification is part of Official Amendment 119. The type of developments in the proposed Hamlet would be the same developments as in other Hamlets, which includes small-scale residential, commercial, etc.

Q: With the majority of the residential and employment land expansion occurring in Centre Wellington, is there information on the percentage of the expansion that will be required for Fergus and Elora?

A: These details have not been covered in this presentation, and it is something that will be identified in the coming months with the release of the detailed phase 2 Report. We will keep any questions or comments in mind when we get to that report.

Q: When will we see a plan identifying the excess land in Arthur?

A: This will be provided in the Phase 2 report.

Q: The potential of increased traffic and blocked access to fields and agricultural suppliers could be challenging for many farm businesses. Is the movement of agricultural equipment considered in the analysis of how development is laid out?

A: The agricultural and rural component of the review will relate to the agricultural land base mapping, which is one specific part of the review. This area is being considered, but it is important to note that there are some limitations on the extent of growth in agricultural areas.

C: One of the key provincial legislation and policy constraints imposed on growth is that the County of Wellington is required to satisfy statutory requirements from the Planning Act and the Growth Plan to ensure that its cultural heritage resources are protected and conserved. Any proposed amendments to the Official Plan must implement the statutory requirements to protect the County's cultural heritage resources while ensuring that it fully complies with the provincial legislation and policy constraints.

Settlement Area Boundary Expansion

Participants were presented with a range of considerations for the Settlement Area Boundary Expansion and were asked the following question to prompt discussion:

- Are there any major considerations we should add to settlement area boundary expansion?

The questions, answers and comments are included as follows. Questions are marked by a 'Q', comments are marked with a 'C', and answers and responses are noted with an 'A'.

Q: Will new police, paramedic and fire stations be considered as the population increases?

A: One of the key aspects of the work that needs to be considered is the need for services associated with population and employment growth. The County and the municipalities work together to deliver emergency medical services (EMS) in terms of where these can be located and provided. One of the things that Watson & Associates Economists LTD is also undertaking is updating the County of Wellington's Development Charge Background Study. Each of the County's hard and soft services is being reviewed through various master planning studies in various stages of work. The County ensures that it aligns capital requirements across all services to growth within the County.

Q: Will the County consider the local municipalities' growth preferences or decide unilaterally where the growth will occur?

A: The County has been working with its member municipalities throughout the process. There is a technical committee comprising all the municipal CAOs and planning staff or consultants from the municipalities. Municipalities are aware of the work taking place and the proposed plans. Their ideal scenarios and comments are also being considered. The County is regularly communicating with the local municipalities and will continue to do so throughout all the phases of the project.

Q: As a farm owner, I am concerned that urban residents have a much louder voice. How would you balance the rural business voice with the urban residential voice to preserve Wellington County's fertile and productive farmland?

A: It is important to consider multiple perspectives. There are still comments coming in about heritage aspect, so it is still an ongoing discussion. There is an active effort to listen and try to give everything the same level of importance, but at the same time acknowledging that there are critical areas that need to be balanced.

Written Feedback

Following the meeting, the County of Wellington received one submission by email. The following key points were raised through written feedback:

- Cultural heritage and agricultural land policies should be considered statutory constraints as the process continues.
- The dialogue between staff, councils and citizens needs to be improved on to develop policy that is compliant with all the provincial and municipal policies.
- The OPA's growth management and intensification criteria need to expand and include the rights of nature, heritage conservation and climate change, and the proposed amendments to OPA 119. There needs to be more information on how the expansion of the urban boundaries would be compliant with Places to Grow and the Provincial Policy Statement.

- More transparency is required for the County's process to determine a municipality's growth preferences and where to find policy relating to the municipality requesting alternative targets.

Wrap Up and Next Steps

Susan Hall of LURA Consulting provided participants with the project team's contact information for any additional feedback and wrapped up the meeting. BY-LAW NUMBER 060-22

THE LOCATION OF THE SUBJECT LANDS The subject property is legally described as Part of Lot 23, Concession B Peel Parts 1 and 8 Plan 61R-10173 and is part of the property with a civic address of 7970 Wellington Road 12. The lands subject to amendment is 3.68 ha (9.1 ac) in size and are currently zoned Agriculture Exception (A-1).

THE PURPOSE AND EFFECT of the amendment is to rezone the subject lands to a Rural Industrial Exception (RIN-16) Zone to limit the permitted uses to a public building, public uses, public works yard and accessory uses, buildings and structures, to permit the proposed use of the land by the County of Wellington for a public works garage and yard and a future ambulance station. A Holding (H) provision requires an archaeological assessment to be completed for the lands, a Ministry letter confirming the report has been entered into the Ontario Public Register of Archaeological Reports, and for the recommendation of the archaeological assessment to be carried out.

COUNTY COUNCIL UPDATE

Andrew Lennox, Mayor

The County Roads Master Plan process is something that Wellington North use as a model to help navigate what our roads and transportation needs are going to be for the coming years as we anticipate what growth in our community. Things like incorporating the active transportation elements of our transportation plan and creating data driven ways to employ safety features and things on our roads. Last month County Council endorsed several community safety zones, including one on Sligo Road in front of the high school. Using the model, we can look at roads needs from a growth perspective, as well as what we can do to set the stage for what safety features we need to incorporate into our roads to keep them safe for all users, not just vehicles; but also, cyclists, pedestrians, members of our community that use horse and buggy, etc. This is a tool we should look at using soon to plan the needs of our roads for the coming years.

Social Services Department is looking to put together some support services so that if we happen to have those fleeing the conflict in Ukraine come to our community they will have the pieces in place to have housing and the necessary things they need to adapt to living in our communities.

The County is hosting a writer's festival. This is a chance to see what kind of writers we have in our community. It's great to celebrate the talent in our communities.

The Province has announced a funding for a major expansion for Caressant Care in Arthur including significant growth in beds and upgrade of existing spaces.

The County is going through a Municipal Comprehensive Review of the Official Plan. Coming up soon is the land needs requirements needed to carry us through to 2051. Wellington North has significant lands designated as Future Development that we can employ; but, more discussion needs to be had in terms of how we envision our community developing in the future.

Ride Well continues to be a great service, supported by the Province, and delivered by the County. They are looking to move back toward ride sharing, which was stopped during the pandemic. This will help lower costs for people to get around, especially when there are two or three people going to the same place. Ridership is still growing but awareness is still needed.

The Household Hazardous Waste Depot is at Riverstown for the month of April and will be back in December. The first yard waste pick up was held last week. The next one will be the week of May 16th. Plans are to do monthly pick ups and twice monthly during leaf season.

BUSINESS ARISING FROM PREVIOUS MEETINGS OF COUNCIL

1. April 11, 2022 Council Meeting re: deputation Markham Waterloo Mennonite Conference, Proposed Mennonite meeting house and Parochial Elementary School

“Council will revisit this matter to discuss how to facilitate a solution, and what it would look like”

Previously Council was considering the option of allowing the school and church in a prime agricultural area outside of the urban boundary of Arthur. While the County is the approval authority, a recommendation by Wellington North to the County would carry influence at the County if such an application were to occur. In the interim the Mayor was approached by a property owner in Arthur who is looking to turn some currently classified industrial land to residential and they were having discussion with the Mennonite group to possibly accommodate a church on their property. There is currently an application at the County to redesignate the land from industrial to residential as the owner would like to develop residential on the property. Through the initial land needs study for the Official Plan update there is a need for a small amount more of residential land other than what was already recommended; but, not that whole property. This could offer a possible solution if the Mennonite Church group can work with the developer, it might make an excellent buffer between the residential and the lighter industrial area. Wellington North would have to let the County know that we are supportive of this and ask that they give it serious consideration. There are more than 160 acres, or more, of Future Development lands on the north end of Arthur. It was suggested that it would make sense to redesignate Future Development land along Wells Street to Industrial. For that to happen the current owner will want Council's support to convince the County that this is the right thing to do.

Council was supportive of this option and directed staff to bring this matter to a future agenda on the direction of the Mayor.

COMMUNITY GROUP MEETING PROGRAM REPORT

Councillor Hern (Ward 3):

- Arthur 150 meeting being held this evening.

- Cultural Roundtable had a new volunteer meeting, and the Committee has identified and recommended several additions to the Committee. A report will be coming to Council.
- Arthur BIA had a good meeting and is planning a hybrid meeting for the next meeting.
- Arthur Chamber of Commerce meeting was cancelled because the growth meeting was the same evening.
- Mount Forest Chamber of Commerce is working on a fall guide

Councillor McCabe (Ward 4):

- Recreation, Parks and Leisure Committee meeting on May 10 at 6:30 p.m. in conjunction with the Mount Forest Aquatics Ad Hoc Advisory Committee for the Mount Forest Pool Fundraising.

Mayor Lennox:

- Attended a meeting with the Mount Forest Lions Club last Wednesday. He spoke about the amount of growth and development and housing needs in our community. The Lions Club inquired about the need for more parks and playgrounds as we grow as they are major contributors to parks and playgrounds in Mount Forest. The pool project was discussed and he was asked if it would be more cost effective to fix the existing pool.
- He was invited to bring greetings to Mount Forest Legion Auxiliary Zone meeting on Sunday.

Council discussed the Mount Forest pool project and the feasibility of fixing the existing pool.

RESOLUTION: 2022-155

Moved: Councillor McCabe

Seconded: Councillor Hern

THAT the Council of the Corporation of the Township of Wellington North direct staff to bring this item to the next Council meeting for a discussion and decision regarding a feasibility study on rehabilitating the existing pool.

CULTURAL MOMENT

- Celebrating Our Volunteers

Wellington North is blessed to have such a tremendous group of volunteers in our community, and it is important that we take the opportunity to thank and celebrate them for everything they do, to help make Wellington North a great place to live, work and raise a family.

On behalf of council and staff we invite all volunteers in our community to join us on Thursday May 5th, 2022, for our second annual volunteer appreciation dinner.

The celebration will be a drop-in event held between 5:00pm - 7:00pm at the Arthur & Area Community Centre 158 Domville Street Arthur. The event will include a catered meal, cake cutting and Mayors welcome at 5:30pm.

This celebration will fall one week after the 2022 National Volunteer Week. The 2022 theme is Volunteering Is Empathy In Action and affirms the strong connection between volunteerism and empathy. This profoundly human connection is at the heart of healthier individuals and stronger communities. Empathy is a quality that can help people relate to others and build awareness around different experiences. It connects people in ideas and actions and helps create bonds forged in common goals and aspirations.

Volunteers are the heart of Wellington North, and we look forward to recognizing and celebrating volunteerism in our community. We urge everyone to recognize the crucial role played by volunteers in our community and we hope you can come out and join us on May 5th". Although the registration deadline has passed, we can still accommodate last minute requests. Please email volunteer@wellington-north.com.

CALLING TO ORDER - Mayor Lennox

Mayor Lennox called the meeting to order.

DISCLOSURE OF PECUNIARY INTEREST

No pecuniary interest disclosed.

OWNERS/APPLICANT

Kyle Woods, 9638 Concession 8

LOCATION OF THE SUBJECT LAND

The lands subject to the proposed amendment is described as Concession 9, Part of Lot 1 RP 60R2423, Part 1, and known Municipally as 9638 Concession 8 and the Northeast corner of Part of Lot 1, Concession 9 known Municipally as 9630 Concession 8, Geographic Arthur Township. The property subject to the proposed amendment is approximately 0.89 ha (2.2 ac) in size.

PURPOSE AND EFFECT OF THE APPLICATION

The purpose and effect of the proposed amendment is to rezone the subject lands to permit a commercial licensed automotive body repair shop, automotive sales and service establishment, and salvage yard (commercial towing, salvage, vehicle storage and light and heavy vehicle repairs) on the property. The property is currently zoned Agricultural with a site specific provision (A-25) which permits an Agricultural Equipment Rental Business. Additional relief may be considered at this meeting.

NOTICE

Notices were mailed to property owners within 120 m of the subject property as well as the applicable agencies and posted on the subject property on April 1st, 2022.

PRESENTATIONS

Jessica Rahim, Senior Planner, County of Wellington, Township of Wellington North reviewed her Planning Report dated April 14, 2022.

Summary

The purpose of this zoning amendment is to rezone the subject lands to permit a commercial licensed automotive body repair shop, an automotive sales and service establishment and a salvage yard on the property. The proposed amendment would recognize the current business which includes commercial towing, salvage, vehicle storage and light and heavy vehicle repairs.

The current business was operating out of the building that was destroyed by a fire in 2020. The applicant's intent is to construct a new 3,500 ft² shop on the subject property in order to continue to operate the business. The current zoning (A-25) permits an Agricultural Equipment Rental Business, which does not allow for the existing business.

This report provides an overview of the proposed zoning by-law amendment application and any comments received to date. A Public Meeting is scheduled for April 25, 2022. This meeting will provide the opportunity for the community and area residents to ask questions and seek more information from the proponent regarding the application.

INTRODUCTION

The lands subject to the proposed amendment are described as Concession 9, Part of Lot 1 RP 60R2423, Part 1, and known Municipally as 9638 Concession 8 and the Northeast corner of Part of Lot 1, Concession 9, known Municipally as 9630 Concession 8, Geographic Arthur Township. The property subject to the proposed amendment is approximately 0.89 ha (2.2 ac) in size.

PROPOSAL

The purpose and effect of the proposed amendment is to rezone the subject lands in order to permit a commercial licensed automotive body repair shop, automotive sales and service establishment, and a salvage yard (commercial towing, salvage, vehicle storage and light and heavy vehicle repairs) on the subject property. The property is currently zoned Agricultural with a site specific provision (A-25) which only permits an Agricultural Equipment Rental Business.

PROVINCIAL POLICY STATEMENT (PPS)

Section 4.2 of the PPS outlines that decisions of Council for zoning by-law amendments shall be "consistent" with the policies of the PPS.

The subject property is located within a PRIME AGRICULTURAL area. Section 2.3.3.1 states that in Prime Agricultural areas, permitted uses and activities are: agricultural uses, agricultural related uses and on farm-diversified uses. Proposed agriculture-related uses and on-farm diversified uses shall be compatible with, and shall not hinder, surrounding agricultural operations.

An agriculture-related uses is defined as follows: "means those farm-related commercial and farm-related industrial uses that are directly related to farm operations in the area, support agriculture, benefit from being in close proximity to farm operations, and provide direct products and/or services to farm operations as a primary activity". It should also be noted that the Guidelines on Permitted Uses in Prime Agricultural Areas specifically lists off automotive dealerships, towing

companies, machine shops or wrecking yards as uses that would not be considered as agriculturally related uses.

An on-farm diversified use is defined as follows: “means uses that are secondary to the principal agricultural use of the property, and are limited in area. On-farm diversified uses include, but are not limited to, home occupations, home industries, agri-tourism uses, and uses that produce value-added agricultural products”.

All of the following criteria must be met to qualify as on-farm diversified uses, in accordance with the PPS:

1. Located on a farm
2. Secondary to the principal agricultural use of the property
3. Limited in area
4. Includes, but is not limited to, home occupations, home industries, agri-tourism uses, and uses that produce value-added agricultural products
5. Shall be compatible with, and shall not hinder, surrounding agricultural operations.

With respect to the criteria listed above, the proposed commercial use is not located on a farm, and therefore is not secondary to the principal agricultural use of the property. It should also be noted that some uses may be better suited to settlement areas where municipal services are available.

WELLINGTON COUNTY OFFICIAL PLAN

The subject lands are designated PRIME AGRICULTURE, and a small portion is CORE GREENLANDS. Under section 6.4.3 of the Plan, secondary uses including home businesses and farm businesses are permitted as agricultural related uses.

Section 6.4.4 further outlines that home and farm businesses are to be secondary to the principal use of the property and are allowed as a means of supplementing farm incomes and providing services in the agricultural areas.

Section 6.4.5 further outlines that “small scale agricultural-related businesses as required to serve agriculture and directly related to farm operations may be allowed in appropriate locations and subject to zoning provisions, where they are needed in close proximity to farms”.

ZONING BY-LAW

The subject lands are zoned Agricultural Site Specific (A-25) and Natural Environment (NE). The property was rezoned in 2006 to permit an Agricultural Equipment Rental Business. The business was considered to be an “agriculturally related use” under Provincial Policy and the County Official Plan. The applicant provided supporting information about the business, which demonstrated that the Agricultural Rental Business served farmers and was required to be in close proximity to the farmers.

The current application is seeking to add a commercial licensed automotive body repair shop, automotive sales and service establishment, and salvage yard as permitted uses on the property. These automotive uses are typically located in urban centres where municipal services are available.

The Township zoning by-law currently prohibits a ‘Salvage or Wrecking and Recycling Facility’ in all zones.

A draft by-law will be provided following the public meeting and based on Council direction.

SITE PLAN CONTROL

The proposed development will be subject to Site Plan Review by the Township. Site design, grading, servicing, stormwater management, landscaping, parking, fencing etc. will be reviewed as part of the site plan review.

NEXT STEPS

A final report and planning recommendation will be provided following the public meeting and resolution of any outstanding matters.

CORRESPONDENCE FOR COUNCIL'S REVIEW

Michael Oberle, Environmental Planning Technician, Saugeen Conservation

- Letter dated April 20, 2022 (No Objections)

REQUEST FOR NOTICE OF DECISION

The by-law will be considered at a future council meeting. Persons wishing notice of the passing of the by-law must submit a written request.

MAYOR OPENS FLOOR FOR ANY COMMENTS/QUESTIONS

Kyle Woods, Applicant, was present to answer questions regarding the application. He noted that the zoning amendment isn't necessarily for the body shop, but is mainly for towing, vehicle storage, enclosed impound and to be able to build a new shop since the fire happen a year and a half ago.

COMMENTS/QUESTIONS FROM COUNCIL

Councillor Burke inquired about the salvage portion of the proposal, noting many salvage yards have multiple vehicles piled up and she wondered how we get around requests to have by-law enforcement involved in things. What is the intent of the salvage yard? Mr. Woods explained that the salvage was added because as of 2019 businesses must be registered with the Environmental Activity and Sector Registry (EASR) to have end of life vehicles on the property and deals in mostly these types of vehicles. Mr. Woods wants to be able to process those vehicles that are end of life as soon as possible to maximize his income and profitability. He is not looking for a wrecking yard or to sell parts. In the proposal there is a plan for a larger enclosed compound that will be fenced to keep things out of sight. He wants to be able to get rid of the storage trailers that have been in use since the fire and clean up the property.

Ms. Rahim added that the salvage yard is not technically permitted in any uses in the Township Zoning By-law. This would be site specific to recognize the salvage yard. It is also subject to site plan approval. They could come back with two separate by-laws: one allowing the automotive uses and salvage yard and one with just the automotive uses. Council would have the opportunity to look at both at the next meeting.

Mayor Lennox inquired if it would be recommended to put those provisions in the zoning by-law amendment or if it would be better dealt with through site plan. Ms. Rahim suggested that a few of the provisions would be within the site-specific zoning to narrow that down and allow for situations similar to this where there was an old rezoning on the property and then goes to a new owner. Right now, the site-specific zoning doesn't have much detail and only allows for agricultural repair. They will include more detail regarding location through the zoning and the screening would be through the site plan agreement.

Review and adoption of the agenda > passed

Arthur 150th Discussion on expenses & approvals:

Dale Small summarized the Arthur 150th discussion items descriptions and made the suggestion for each of the items that are agreed upon by the Arthur BIA board members that the township will commit to a 50/50 split on costs.

Radio Advertising - APPROVED

- The Grand 101.1 FM – Paula Coffey to follow up with them and place the order for \$381/Week for a two-week run prior to the Shop Local on July 2nd.
- The River 88.7 FM – Dale Small suggested the township will set-up the same two-week program and cover this cost.

Print Advertising - APPROVED

- It was decided to go ahead with a ½ page ad in mid-late June to promote the Shop Local event, July 2nd.

Live / Music Entertainment on George Street - APPROVED

- Live music placement in two areas at the opposite ends of the street. It was noted that it may be best not to have a stage set up close to the Arthur Library as they are planning outdoor events themselves and the music may interfere.
- Gord to pass on the name of the musician that performed a Christmas Show at the Norgan Theatre in Palmerston Dec 2021. >>> The Cara Smith Band <http://www.carasmithcountry.com/>

Canada Day Banners – NOT APPROVED

- It was decided not to approve the purchase of the Canada Day Banners

Miscellaneous

- Arthur 150 Book – APPROVED | full-page with colour for \$375 + HST. Tom to discuss with Jeff McKee about ad copy ideas.
- Street Buskers – NOT APPROVED
- Portable Washrooms – APPROVED | Lisa Hern suggested the BIA cover this cost for the 150 Organizing Committee and Mitch suggested doubling the budget from \$500 to \$1,000 in order to double the number of portable washrooms in the downtown area for the Shop Local event.

Keith Harris – Motion to approve these Arthur 150th items discussed

Tom Gorecki – seconded

PASSED

Financial Update

Tom Gorecki – 10,658.79 balance as of April 20th, 2022. A \$5,000 payment was made to someone ?? and the first repayment of \$12,699.00 was made to the township. Three more deposits are expected to come from the township yet this year. There is a savings to be realized of close to \$8,000 since there is no longer a BIA employee.

Work Plan Discussion

Paula Coffey – Planters have been ordered and flowers need to be added on to the Projected Budget for 2022. Paula to connect with Dan Farley from the township to identify bench locations throughout the downtown.

Keith Harris – Pole Banners, for curb extension, motion to accept the design and place order. PASSED. Paula to work on ordering the pole banners.

Arthur Legion Mural – Paula to work on getting another quote for the mural painting. Work towards a November 11th, 2022 unveiling of the mural.

Community Art Location

- Suggestion was made to set up a Community Art Project committee. Three current BIA board members and up to two people outside of the BIA to make up the committee.
 - Angela Alaimo, Paula Coffey and Mitch Keirstead representing the BIA. These three committee members will reach out to attract public committee members.
 - Mitch to contact the Mulhollands (sp?) about using the side of their building to be a part of the art installation.
 - Keith made a motion to strike up a Community Art Project committee. 2nd – Paula Coffey – PASSED
-

Roundtable Discussion Items / Items of Interest

Angela Alaimo – suggested that the BIA circulate a list of potential projects and on-going projects to the BIA membership (building owners and business owners) so they better understand what the BIA committee members are doing.

- Action item #1 – Dale Small to send Angela the list of contacts that was used to contact business owners and building owners when wanting to introduce a BIA to Arthur.
- Action item #2 – Keith Harris to ask how other BIA's manage their lists of building owners and business owners.

Keith Harris – Email the BIA board members the Arthur 150th meeting minutes detailing the events and activities planned.

ACC Administrator – Tom to determine whether the new hire for the ACC administrator could also manage 3-4 hours a month for the Arthur BIA.

Jim Coffey – Was there still an opportunity to received Blade Sign funding. Dale Small responded this would fall under the Community Improvement Program with the town covering up to 75% of the cost up to a maximum grant of \$2,000.

Adjournment and date of next meeting May 18th @ 7:30pm – location: lower level of the Arthur arena. This will be a hybrid meeting for those who decide not to make the drive.

- Keith to contact Jessica at the Township office (jturnbull@wellington-north.com) to book the room at the Community centre to make sure it is available. As a committee of council, the fee is waived for BIA meetings. Ensure for setup the staff is on-site to let you in and close up when done.
- Dale to continue setting up the Zoom link for those attending virtually. Will need some of the Directors attending in-person to also bring their laptops etc. or Angela & Mitch will not be able to hear the conversation very well.

Staff Report

To: Mayor and Members of Council Meeting of May 9, 2022
From: Tammy Pringle, Development Clerk
Subject: DC 2022-015, Consent Application B44-22 Kathryn Spark

RECOMMENDATION

THAT Council of the Township of Wellington North receive DC Report 2022-015 being a report on Consent Application (Severance) B44-22 known as Part Lot 27, Divisions 3 & 4, WOSR in the former Township of Arthur.

AND FURTHER THAT the Council of the Township of Wellington North supports consent application B44-22 as presented with the following conditions:

- **THAT** the Owner satisfy all the requirements of the local municipality, financial and otherwise (included but not limited to Taxes paid in Full; a Fee of \$130.00 for Township Clearance Letter of conditions — or whatever fee is applicable at the time of clearance under the municipal Fees and Charges by-law) which the Township of Wellington North may deem to be necessary at the time of issuance of the Certificate of Consent for the proper and orderly development of the subject lands;
- **THAT** the Owner satisfy the requirements of the Township of Wellington North in reference to parkland dedication consistent with By-Law 011-22;
- **THAT** the steel silo be removed and that the area be left in a level graded condition;
- **THAT** the retained lands be rezoned to restrict residential development to the satisfaction of the local municipality and the County of Wellington Planning and Development Department; and
- **THAT** the accessory buildings/structures on the severed lands achieve zoning compliance, or are removed, to the satisfaction of the Township.

AND FURTHER THAT Council authorizes the Development Clerk to file with the Secretary-Treasurer of the Planning and Land Division Committee at the County of Wellington, a letter of clearance of these conditions on completion of same.

Applicant/Owner	Kathryn Spark

PRELIMINARY PLANNING OPINION: This application would sever a 1.16 ha (2.9 ac) rural residential parcel with an existing dwelling, garage, silo, and out-building within the Prime Agricultural Area. A vacant 40.1 ha (99.1 ac) agricultural parcel would be retained. This application is being submitted under the surplus farm dwelling policies.

This application is generally consistent with Provincial Policy and would generally conform to the Official Plan. We have no concerns provided the following matters are addressed as conditions of approval:

- a) That servicing on the severed lands can be accommodated to the satisfaction of the Township;
- b) That driveway access can be provided to the retained lands to the satisfaction of the of the appropriate road authority;
- c) That the retained lands be rezoned to restrict residential development to the satisfaction of the local municipality and the County of Wellington Planning and Development Department; and
- d) That the accessory buildings/structures on the severed lands achieve zoning compliance, or are removed, to the satisfaction of the Township.

PLACES TO GROW: No issues.

PROVINCIAL POLICY STATEMENT (PPS): Section 2.3.4.1 states “Lot creation in prime agricultural areas is discouraged and may only be permitted for:

- a) agricultural uses, provided lots are of a size appropriate for the type of agricultural use(s) common in the area and are sufficiently large to maintain flexibility for future changes in the type or size of agricultural operations;
- b) agricultural-related uses, provided that any new lots will be limited to a minimum size needed to accommodate the use an appropriate sewage and water services;
- c) a residence surplus to a farming operation as a result of farm consolidation, provided that
 - a. the new lot will be limited to a minimum size needed to accommodate the use and appropriate sewage and water services; and
 - b. the planning authority ensures that new residential dwellings are prohibited on any remnant parcel of farmland created by the severance. The approach used to ensure that no new residential dwellings are permitted on the remnant parcel may be recommended by the Province, or based on municipal approaches which achieve the same objective; and
- d) infrastructure, where the facility or corridor cannot be accommodated through the use of easements or right-of-ways.”

WELLINGTON COUNTY OFFICIAL PLAN: The subject property is designated PRIME AGRICULTURAL, CORE GREENLANDS, and GREENLANDS within the County of Wellington Official

Plan. The identified environmental features are wetlands and significant woodlands. The proposed severed parcel is located fully within the PRIME AGRICULTURAL designation.

According to Section 10.3.4, a severance may be considered for an existing residence that is surplus to a farming operation as a result of farm consolidation, provided that:

- “a) the remaining vacant farmland is large enough to function as a significant part of the overall farm unit; and
- b) the result of removing the surplus dwelling from the farm does not render the remaining farmlands difficult or inefficient to farm; and
- c) the amount of good farmland retained with the surplus house is kept to a minimum size needed for residential purposes, taking into consideration environmental and topographic features; and
- d) the surplus residence is habitable and is not expected to be demolished by a future owner; and
- e) the Minimum Distance Separation formula will be met; and
- f) the vacant parcel of farmland is rezoned to prohibit a residential use.”

With respect to the above criteria, we are satisfied that this application conforms to criteria a), b), c), d), and e). Regarding item f), this can be addressed as a condition of approval.

In terms of the overall farm operation, we have been provided with a farm information form including a list of other farm holdings owned by Wright Haven Farms Ltd, which demonstrates that this application would constitute farm consolidation.

The matters under section 10.1.3 were also considered including item d) ‘that all lots will have safe driveway access to an all-season maintained public road and that access to a local road will be preferred over county and provincial roads, where practical’. The applicant has not indicated if there is an existing access for the proposed retained parcel. A condition has been proposed to ensure a safe access is possible for the proposed retained parcel to the satisfaction of the appropriate road authority.

LOCAL ZONING BY-LAW: The subject property is within the Agricultural (A) Zone and the Natural Environment (NE) Zone. The proposed severed parcel is fully located within the A Zone. The proposed severed and retained parcels meet the minimum lot area and frontage requirements of the A Zone.

The proposed severed parcel exceeds the requirements for the combined maximum floor area for all accessory buildings and structures in section 6.1.4.b of the Zoning By-law. Information regarding the height of the accessory buildings has not been provided. A condition for zoning compliance, or the removal of the accessory buildings/structures, for the severed parcel has been proposed.

WELL HEAD PROTECTION AREA: The subject lands are not located within a well head protection area.

SITE VISIT INFORMATION: The subject property was not visited and photographed at the time of report preparation.

 Zoning By-law Amendment**

Planning Opinion

The purpose of this zoning amendment is to rezone the subject lands from Highway Commercial Exception (C2-14) Zone to Unserviced Residential (R1A) Zone to permit a single detached dwelling on the property.

Grand River Conservation Authority (GRCA) Staff have identified a significant slope and hazard lands on the subject property.

Following the April 11th, 2022 council meeting, Planning Staff, Town Staff, GRCA and the applicant had a meeting at the subject lands. GRCA Staff completed an assessment of the property and determined an acceptable slope setback and deemed the site as viable for development of a single detached residential dwelling.

We have no objections to the zoning amendment. The proposal is consistent with the Provincial Policy Statement and conforms to the Official Plan policies.

INTRODUCTION

The property subject to the proposed amendment is described as Part Park Lot 8, and has frontage on Wellington Rd 109, Arthur. The portion of the property subject to the proposed amendment (Part 1 in Figure 2) is approximately 0.49 ha (1.21 ac) in size and is currently vacant. The location of the property is shown on Figure 1.

Figure 1. 2020 Aerial Photo

PROPOSAL

The purpose and effect of the proposed amendment is to rezone a portion of the subject lands to Unserviced Residential (R1A) to permit a single detached dwelling on the property. The property is currently zoned Highway Commercial with a site-specific provision (C2-14) which permits tourist commercial uses and an accessory single detached dwelling.

ADJACENT PROPERTY

In August 2018, the abutting parcel at 7840 Wellington Rd 109 received zoning approval to permit a single detached residential dwelling on private services. This zoning By-law Amendment rezoned the subject lands from Highway Commercial Exception (C2-14) zone to Unserviced Residential (R1A) zone.

PROVINCIAL POLICY STATEMENT (PPS)

The subject property is located within the settlement area of Arthur. Section 1.1.3.1 of the Provincial Policy Statement states that “settlement areas shall be the focus of growth and their vitality and regeneration shall be promoted.” Settlement areas are encouraged to include a mix of densities and land uses.

WELLINGTON COUNTY OFFICIAL PLAN

The property is within the Arthur Urban Centre and is designated Future Development and Core Greenlands. The objectives for areas designated Future Development are as follows:

- a) to provide for the orderly future development of the unbuilt areas of the Urban Centre;
- b) to limit development of such lands until an Official Plan Amendment including a proper site plan or concept plan for future uses has been submitted and approved;
- c) to prohibit any major development of these lands until the necessary municipal services can be made available to such areas.

The permitted uses within areas designated FUTURE DEVELOPMENT as illustrated on Schedule “A” of the Plan shall be limited to existing uses and the growing of crops including nursery and horticultural crops but does not include greenhouses. Consideration may be given to the creation of a new lot by consent provided such development is in accordance with the policies of this plan.

In regards to the Core Greenlands area, the comments of the Grand River Conservation Area should be considered by Council.

WELLINGTON NORTH ZONING BY-LAW

The subject lands are zoned Highway Commercial Exception (C2-14). Permitted uses in the C2-14 zone include tourist commercial uses and an accessory single detached dwelling. The subject lands are proposed to be rezoned to Unserviced Residential (R1A) to facilitate the construction of a single detached dwelling.

GRCA COMMENTS

Grand River Conservation Authority (GRCA) Staff have identified a significant slope and hazard lands on the subject property. Following the April 11th, 2022 council meeting, Planning Staff, Town Staff, GRCA and the applicant had a meeting at the subject lands. GRCA Staff completed an assessment of the property and determined an acceptable slope setback and deemed the site as viable for development of a single detached residential dwelling. Through the building permit process, the applicant will continue to work with Town and GRCA staff to ensure the appropriate slope setbacks are maintained.

Draft Zoning By-law Amendment

A draft Zoning By-law amendment has been prepared for public review and Council's consideration, and is attached to this report.

PLANNING REPORT for the TOWNSHIP OF WELLINGTON NORTH

Prepared by the County of Wellington Planning and Development
Department

DATE: May 3rd, 2022
TO: Mike Givens, C.A.O.
 Township of Wellington North
FROM: Jessica Rahim, Senior Planner
 County of Wellington
SUBJECT: **Recommendation Report – Kyle Woods
 Zoning By-law Amendment (ZBA 06/22)
 Concession 9, Part of Lot 1
 9638 Concession 8 & 9630 Concession 8, Wellington North**

Summary

The purpose of this report is to provide the Township with recommendation regarding the above-noted application to permit the construction of a 3,500 ft² shop on the subject property to continue operating the commercial towing, salvage and self-service vehicle repair establishment on the property.

The statutory public meeting was held on April 25th, 2022 where concerns were raised by Staff and Council regarding the proposed salvage yard. Planning Staff have attached a by-law for public review and Council's consideration that has taken into consideration these concerns.

Council should be satisfied that the proposed zoning amendment is consistent with the Provincial Policy Statement and generally conforms to the County of Wellington Official Plan. Planning Staff have attached a zoning by-law amendment to this report for Council's consideration.

PLANNING DISCUSSION

The applicants are proposing to construct a 3,500 ft² shop on the subject property to continue operating the motor vehicle towing company with accessory uses to the towing business on the subject lands. As outlined in the Public Meeting report, Planning Staff have concerns with the introduction of the proposed uses, as they are not consistent with Provincial Policy and the County Official Plan for prime agricultural areas. Within prime agricultural areas small scale industrial and commercial uses are only permitted if they are agriculturally related or on-farm diversified uses.

The Provincial Guidelines on Permitted Uses in Prime Agricultural Areas specifically lists off automotive dealerships, towing companies, machine shops or wrecking yards as uses that would not be considered as agriculturally related uses. The PPS also outlines five criteria that must all be met to qualify as an on-farm diversified use. Based on these policies and guidelines the proposed use is not appropriate within a prime agricultural area as it does not directly relate to the agricultural operations in the immediate area. The proposed use would be more appropriately located within an Industrial Zone or Rural Industrial Zone where they are more compatible since the industrial zones permit similar automotive uses.

Planning Staff do not support the addition of a motor vehicle salvage yard on the property. The Township zoning by-law currently prohibits a 'Salvage or Wrecking and Recycling Facility' in all zones. However, the attached by-law does allow for "accessory storage including a yard compound (temporary vehicle impoundment)" that is related to the towing business use. Planning Staff feel that this captures the use the applicant is requesting, while limiting any future salvage yard uses on the subject lands.

SITE PLAN CONTROL

The proposed development if approved, will be subject to Site Plan Review by the Township. Site design, grading, servicing, stormwater management, landscaping, parking, fencing etc. will be reviewed as part of the site plan review.

Draft Zoning By-law:

Planning Staff have prepared a draft zoning by-law for consideration should Council support the proposed zoning. The draft zoning by-law amendment permits a motor vehicle towing company with accessory uses to the towing business. Planning Staff have not included a salvage or wrecking facility as a permitted use. The draft by-law also includes a portion of the subject lands to be rezoned to Agricultural (A) zone, as the applicant intends to apply for a Lot Line Adjustment application in the future.

I trust that these comments will be of assistance to Council in their consideration of this matter.

PREVIOUS PERTINENT REPORTS/BY-LAWS/RESOLUTIONS

EDO 2022-001 dated January 10th, 2022

BACKGROUND

The Township of Wellington North prepared its first Municipal Cultural Plan in 2013 and shortly after that formed a Cultural Roundtable comprised of Township staff and local volunteers to oversee the implementation of the Plan. In 2021 Wellington North updated its Cultural Plan and this plan was received and approved by council on January 10th, 2022.

In reviewing the Cultural Plan, the Cultural Roundtable also confirmed that both the Vision; ***Preserving, promoting, and developing Wellington North's unique cultural resources to build a vibrant community and prosperous economy*** as well as the Guiding Assumptions that underpin the Plan remain relevant and valid for the Township.

Guiding Assumptions

- We believe culture is essential to making Wellington North a place where people want to live, work, play, retire and invest

- We believe our history and culture are a source of identity for individual communities and Wellington North as a whole
- We believe creativity and culture are important drivers in growing and diversifying our economy
- We believe volunteers are fundamental to the cultural life of our community, are a symbol of civic pride and commitment, contribute to local economic growth and are central to attracting the notice of political and business leaders who want to support their constituents by honoring volunteers.
- We believe our cultural assets are essential to building vibrant downtowns that are the social and economic hubs of our communities
- We believe in a municipality that integrates culture into all aspects of planning and decision-making
- We believe in cultural organizations working together toward shared goals

On March 24th the Cultural Roundtable hosted a recruitment lunch n learn that was attended by upwards to 20+ people. The intent of the session was for community members to have a chance to learn more about the Cultural Roundtable as well as the identified goals and actions that the Cultural Roundtable support.

The Township of Wellington North is recruiting committee members interested in supporting the

Wellington North Cultural Roundtable

The vision of the Cultural Roundtable is "Preserving, promoting, and developing Wellington North's unique cultural resources to build a vibrant community and prosperous economy."

The Township of Wellington North prepared its first Municipal Cultural Plan in 2013, having recognized the contribution of local cultural resources to the quality of life and sense of community across the township. The Plan was also regarded as an essential economic development tool that could support the attraction of new business investment and contribute to the sustainability of the economy over the long term.

For details on the recently updated 2021 cultural plan:
<https://www.wellington-north.com/community/culture/cultural-planning>

As a result of this session combined with some additional discussions the cultural roundtable is pleased to recommend to council the appointment of five new community members. This will bring the total number of committee members to ten.

FINANCIAL CONSIDERATIONS

Cultural Roundtable committee members are volunteer positions with no financial compensation.

Cultural Roundtable annual budget is upwards to \$7,500 and is contained within the EDO budget. This includes funding for the Wellington North Farmers Market, Culture Days as well as grants program to support arts and cultural programming and events.

BACKGROUND

The Township of Wellington North values the significant role that not-for-profit and community organizations play in delivering events and projects that support our community and in December 2016 approved the Grants & Donations Community Development Program Fund. This fund supports project and event-based initiatives, for not-for-profit organizations and community groups and encourages a high level of collaboration.

At the April 11th, 2022 council meeting council approved \$44,564.99 in grants to a total of 31 organizations. At that time there was a discussion that a fee waiver request might be coming from the WDGPH unit in order to support some additional vaccination clinics. Staff advised that once the information was received a second report would come to council. Since the April 11th council meeting, three additional requests, have now been received and we recommend council approve the following:

- \$4,692.89 in fee waivers to the WDGPH unit to host a total of 11 vaccinations clinics in Wellington North. (6 in Mount Forest and 5 for Arthur)
- \$ 500.00 to the Arthur SU Sports Camp. This annual camp is back and running for the 25th year. Funds will be used to cover the rental fee for the pavilion and ball diamonds and will also provide some assistance to families who need support with the registration fee.
- \$ 130.00 to the Mount Forest Royal Canadian Legion Branch 134 for a wavier of the permit fee for the outdoor tent that will be installed on their parking lot over the Fireworks Festival weekend. (refer April 25th report to council)

Should you wish to receive a copy of the actual application(s) prior to the council meeting please reach-out to either Cathy or Dale and we would be pleased to send them to you.

FINANCIAL CONSIDERATIONS

To date council have approved \$44,564.99 in grant funding and with these three applications for \$5,322.89 it will bring the total amount approved to \$49,887.88. Of this total:

- \$40,000.00 is included in the Economic Development operating budget
- \$ 9,887.88 will be covered from the Covid-19 recovery reserve funds.

Once finalized, notification letters, along with the funds, will be distributed to each organization. Groups receiving a fee waiver will be advised that once their event is over an accounting entry will be made by the Municipality to cover the rental fee.

Currently, we don't expect any more applications in 2022. Should, however, new ones be received, we will bring another report back to council later in the year for decision.

BACKGROUND

Section 23.1 and 23.2 of the Municipal Act, 2001, as amended, permits a municipality to delegate certain powers and duties to a person or body.

Section 270(1) 6 of the Municipal Act, 2001 provides that a municipality shall adopt and maintain policies with respect to the delegation of its powers and duties.

Over time, some decision making authority has been delegated to municipal staff. Implementation of further delegated authorities would result in improved efficiency and a reduction in red tape without compromising Council's ultimate authority.

Additionally, some of the delegated authorities in the by-law are typically being done by staff, without a specific authorizing delegation.

FOR IMMEDIATE RELEASE

Celebrating Volunteer Award Recipients. Making An Impact Through Empathy In Action.

Guelph, Ontario | May 3, 2022 |

On Friday, April 29, PIN – The People and Information Network held its annual ‘Time to Give’ in celebration of National Volunteer Week and the contributions of volunteers. With appreciation remarks from all levels of Government, gratitude from presenting sponsor University of Guelph and speaker Dr. Megan Conway, CEO, Volunteer Canada, recognition of the contributions of volunteers was clear.

“Volunteerism fuels communities” says Kim Cusimano, executive director, “recognizing the impact values the efforts of volunteers. 12.7 million Canadians volunteer formally with a group or organization sharing 1.6 billion hours that fuel and flow in our communities; your child’s sport coach, your youth’s mentor, meals delivered to your grandfather, drives for your mom’s cancer treatment; volunteers provide leadership through board service, they fundraise, plan and deliver events, programs and services that we interact with and support our community’s most vulnerable. Local nonprofits and charities leading missions powered by volunteers.”

PIN was pleased to recognize volunteers in 5 award categories through a unique, local initiative supported by the Here to Help team that welcomed artists and photographers to submit art that ‘embodies community’. The winning submission ‘The Bridge that Connects Us’ by Christopher Cape was developed into the 2022 Volunteer Awards. “Art brings people together, provides opportunity for conversations, creates a sense of belonging, brings joy and reflects the values of the community. Volunteerism does this as well.” says Cusimano.

2022 Volunteer Award Winners:

Leaders of Tomorrow - Shuk Man Ng, Student Volunteer Connections, University of Guelph
Community Volunteer Award - Henry Kielar, Children’s Foundation of Guelph and Wellington
Guiding Light Award – Kate Webster, Up and Running Guelph
Leadership Award – Michael Ruhl, Compass Community Services
Lifetime Achievement Award – Louise Mackenzie and JoAnne Howes

In addition, with thanks to Sleeman Breweries, award winners were captured in a [PIN volunteer appreciation video](#) that highlighted their volunteer efforts in support of local organizations and provided insight for viewers about what volunteering means to them.

“PIN believes in the value of contributing to community formally and informally” says Cusimano, “In addition to formal volunteering, 74% of Canadians volunteer informally giving back 3.4 billion hours through various acts of kindness; lending a green thumb to a neighbour starting a garden, child minding for a friend, collecting food or hosting a birthday food drive, the generosity of the human spirit can be found through even the simplest of acts.”

The theme of National Volunteer Week 2022 was "Volunteering is Empathy in Action" affirming the strong connection between volunteerism and empathy. "We have seen this caring and human kindness in action; the generosity of spirit is a shining light even in our recent dark times. Volunteerism is a connector, a powerhouse, a community asset." says Cusimano

Canadians are invited to help build a roadmap to 'Empathy in Action'. During National Volunteer Week, Volunteer Canada, in partnership with the Rideau Hall Foundation and Employment and Social Development Canada, launched a national conversation about empathy. Specifically, how to turn empathy into action. That conversation will contribute towards building a roadmap to empathy in action, and ultimately a national voluntary action strategy. empathyinaction.ca

As National Volunteer Week ends and Mental Health Week begins, empathy is a common thread. In the recent survey conducted by the Canadian Mental Health Association (CMHA) and UBC researchers found that '[only 13% of Canadians are feeling empathetic](#)', a 10% decline since the onset of the pandemic. Empathy is the ability to understand another's perspective and feelings and volunteering can help us develop empathy, to see the world through the eyes of others, connect and strengthen our relationships and expand our view through diverse, lived experiences.

"Acts of kindness, giving, volunteering" says Cusimano, "however personally defined, the generosity of spirit has impact. Across the country, right here at home and within ourselves. Together we can uplift our hearts, community and our sense of belonging through empathy in action."

SEWAGE ALLOCATION AGREEMENT

THIS AGREEMENT made this 9th day of May, 2022.

B E T W E E N:

THE CORPORATION OF THE TOWNSHIP OF WELLINGTON NORTH

(the “Township”)

- and -

CACHET DEVELOPMENTS (ARTHUR) INC.

(the “Owner”)

WHEREAS:

- A. The Owner is the owner of the lands described in Schedule “A” (the “Owner’s Lands”);
- B. The County of Wellington Planning and Land Division Committee has approved Cachet Developments (Arthur) Inc. subdivision 23T-20202 pursuant to the County of Wellington Notice of Decision dated July 29, 2021 (the “Development Lands”) subject to the conditions of approval;
- C. The Owner is ready to proceed with the development of the Development Lands and has filed a request with the Township for 158 sewage allocation units pursuant to the Township’s Sewage Allocation Policy;
- D. The Township has passed a resolution (2022-127) approving the 158 sewage allocation units and requires the Owner to enter into this agreement pursuant to the Township’s Sewage Allocation Policy; and,
- E. The Township requires the allocation to be allotted over time to achieve controlled growth in the Township whereby the 158 sewage allocation units will be released over 24 months including 60 units within 12 months, 98 additional units within 24 months of this agreement.

NOW THEREFORE in consideration of the premises and terms contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledge, the parties agree as follows:

1. Approval.

- (i) Upon the registration of the subdivision agreement, the Township shall grant provisional approval to the Owner for 158 sewage allocation units for the Development Lands allocated over the following time periods:
 - a. 60 units within 12 months of execution of this agreement; and
 - b. 98 additional units within 24 months of execution of this agreement

- (ii) The provisional allocation is granted for a period of thirty (24) months from the date of this agreement, expiring on May 9, 2024 (the “Expiry Date”).
 - (iii) Any sewage allocation units not completed by the Expiry Date shall lapse and be returned to the general pool of available uncommitted sewage allocations. No further building permits may be issued after the Expiry Date until such time as the Owner has obtained an extension or further sewage allocation.
2. **Acknowledgment of Owner.** The Owner acknowledges that:
- (i) the Township is not obligated to extend the Expiry Date or to grant further provisional sewage allocation units for the Development Lands or any future phases of the development;
 - (ii) the Township may approve sewage allocation units to other developments prior to approving further provisional sewage allocation units for the Development Lands or any future phases of the development; and,
 - (iii) the granting of sewage allocation is based upon the continued availability of sewage treatment facility capacity; that such capacity may change or be reduced over time; and, provisional sewage allocation units may have to be withdrawn in instances of inadequate sewage treatment facility capacity or other reason.
3. **Compliance with By-laws, Rules and Regulations.** The Owner agrees to comply with all federal, provincial and municipal laws, rules, regulations, by-laws and polices including the Township Sewage Allocation Policy.
4. **The Township’s Professional Fees and Disbursements.** The Owner shall reimburse the Township for all of its engineering and legal expenses including professional fees and disbursements in connection with the development and implementation of this agreement.
5. **Development Charges Credits.** The Owner hereby releases and forever discharges the Township from any and all claims relating to payments under this agreement, for credits against Development Charges payable under any by-law of the Township passed under the *Development Charges Act, 1997* with respect to the development of the Development Lands.
6. **Waiver.** The failure of the Township at any time to require performance by the Owner of any obligation under this agreement shall in no way affect its right thereafter to enforce such obligation, nor shall the waiver by the Township of the performance of any obligation be taken or be held to be a waiver of the performance of the same or any other obligation at any later time. The Township shall specifically retain its rights at law to enforce this agreement.
7. **No Challenge to Agreement.** The parties covenant and agree with each other not to call into question or challenge, directly or indirectly, in any proceeding or action in court, or before any administrative tribunal, the party’s right to enter into and enforce this

agreement. The law of contract applies to the agreement and the parties are entitled to all remedies arising from it.

8. **Assignment.**

- (i) The Owner may assign any of the 158 sewage allocation units to builders within the Development Lands with the prior written approval of the Township.
- (ii) The 158 sewage allocation units may not be assigned to any lands outside of the Development Lands.
- (iii) The Owner agrees that it shall not transfer, assign its rights, interests, liabilities and obligations under this agreement without first ensuring that the proposed assignee has entered into an assumption agreement in a form satisfactory to the Township, requiring the assignee to be bound by all of the terms and conditions of this agreement.

9. **Acceptance by Fax or Email.** The parties acknowledge and agree that the communication of this agreement may be transmitted by way of facsimile or electronic mail, and that they agree to accept such signatures and documents to be legal and binding upon them.

10. **Counterparts.** This agreement may be signed in any number of counterparts, each of which is considered to be an original, and all of which are considered to be the same documents.

11. **Severability.** If any provision of this agreement, or the application thereof to any circumstances, shall be held to be invalid or unenforceable, then the remaining provisions of this agreement, or the application thereof to other circumstances, shall not be affected, and shall be valid and enforceable.

12. **Enforcement.** The Owner acknowledge that the Township, in addition to any other remedy it may have at law, shall also be entitled to enforce this agreement in accordance with Section 446 of the *Municipal Act, 2001* as amended.

13. **Enurement Clause.** The covenants, agreements, stipulations, declarations and provisions contained herein shall run with the lands and shall be binding upon the Owner and their heirs, administrators, successors and assigns and the benefit thereof shall enure to the Township and its successors and assigns.

CULTURAL MOMENT FOR MAY 9TH CELEBRATES THE FOUR CORNERS QUILTERS' GUILD

Creativity in part, is fueled by a drive to explore something new. It draws us towards the next big project idea, which can keep us from finishing those already underway. It's a common phenomenon in most creative pursuits. The Four Corners Quilters' Guild, based in Mount Forest, was established in 1998. For the members, one of the most enjoyable aspects of quilting is embracing what's new. New techniques are made possible by new tools, new fabrics inspire new projects, and new shops require exploration.

Quilters share a creative spirit. To get a measure of it in our own guild, an informal online survey was conducted in January 2022. As the pandemic took hold of our second winter, many quilters had the opportunity to enjoy time in their sewing spaces. The survey encouraged us to go through existing projects, revisit the motivation to start them and consider why some may remain unfinished. From the respondents, we learned that we have a good balance of beginner and seasoned quilters, ranging from 5 to more than 40 years of experience. Collectively, we represent around 650 quilting years and have completed an estimated 1500 quilts. That's over 50 finished quilts per person. Since roughly half of our members completed the survey, we might reasonably double that estimate to 3000 finished quilts made by all guild members over their quilting careers. Of course, each quilter may have a unique personal view of what constitutes a 'finished quilt'!!

We also identified an estimated 300 quilts in the works. Multiple projects underway at the same time is not uncommon and could be deemed an inevitable by-product of the drive to create however we discovered that 13% of those unfinished projects have been sitting for more than a decade. A handful of members are quite proficient at completing what they've started, but in general, the longer we've been quilting, the longer the 'unfinished' list tends to become. After all, the most exciting project is always the next new one.

The number one reason given for any particular project to remain unfinished is *"I've lost interest, motivation, or just don't like it anymore"*. The survey confirmed that enjoyment from quilt-making comes from all aspects start to finish, with emphasis on seeing what certain pattern and fabric combinations and design choices can do. There is also great satisfaction in seeing the quilts find a good home. It seems that for many of us, quilting is at least as much about the process as the product.

While the survey was just for fun, it reinforced a strong drive to create and enthusiasm for learning. We're certain the responses were conservative, both in terms of estimated quilts completed and those still underway, but the message is that there is a lot of quilt-making going on in this community and a determination to keep going. The Four Corners Quilters' Guild looks forward to celebrating its 25th anniversary next year. New members and guests are always welcome. Find us on Facebook, or for more information contact 4cornersquiltersguild@gmail.com.
