THE CORPORATION OF THE
TOWNSHIP OF WELLINGTON NORTH
RECREATION & CULTURE COMMITTEE MINUTES
JUNE 4, 2015 AT 8:30 A.M.

The meeting was held in the Meeting Room of the Mount Forest & District Sports Complex

Present: Steve McCabe, Councillor, Chairperson
Dan Yake, Councillor
Barbara Dobreen, Councillor, Township of Southgate
Barry Lavers, Director of Recreation, Parks & Facilities
Michael Givens, CAO/Deputy Clerk
Mark McKenzie, Mount Forest Facilities Manager
Tom Bowden, Arthur Facilities Manager
Cathy Conrad, Executive Assistant
Paul Dowber, Treasurer

Absent: Andy Lennox, Mayor
Mark Goetz, Councillor

CALLING THE MEETING TO ORDER

Chairperson McCabe called the meeting to order.

PASSING AND ACCEPTANCE OF AGENDA

RESOLUTION REC 2015-28

Moved by: Councillor Dobreen

Seconded by: Councillor Yake

THAT the agenda for the June 4, 2015 Recreation & Culture Committee meeting be accepted and passed.

CARRIED

DISCLOSURE OF PECUNIARY INTEREST(S) AND THE GENERAL NATURE THEREOF

No declarations of pecuniary interest were declared

DELEGATION

N/A

MINUTES OF PREVIOUS MEETING

The minutes of the May 5, 2015 Recreation & Culture Committee meeting were received and adopted by Council at the Regular Meeting of Council held on May 11, 2015.

THE CORPORATION OF THE
TOWNSHIP OF WELLINGTON NORTH
RECREATION & CULTURE COMMITTEE MINUTES
JUNE 4, 2015 AT 8:30 A.M.

BUSINESS ARISING FROM MINUTES

No business arising from minutes.

NEW BUSINESS

- 1) Ice in/out policy (communication letter) – Report RAC 2015-004 Facility Ice Time Installation & Extension Policy and letter

Councillor Yake asked the Facility Managers if they had any concerns regarding the proposed policy. Mark MacKenzie and Tom Bowden both indicated they were fine with the policy as is.

Resolution REC 2015-29

Moved by: Councillor Yake

Seconded by: Councillor Dobreen

THAT the Recreation and Culture Committee approve the draft letter to prime ice user groups;

AND FURTHER THAT the Recreation and Culture Committee recommend the Council of the Township of Wellington North direct staff to contact all prime ice user groups in Mount Forest and Arthur regarding the establishment of a policy for the annual date for ice to be installed at the Mount Forest & District Sports Complex and the Arthur & Area Community Centre Arena.

CARRIED

- 2) Swimming Season 2015 update and inspections

Barry Lavers, Director of Recreation, Parks & Facilities, reported that the Arthur and Mount Forest Pool inspections by Public Health are set for June 15. The pools officially open on June 22.

- 3) Upper Grand Trailway Wellington sub Committee appointments

Resolution REC 2015-30

Moved by: Councillor Dobreen

Seconded by: Councillor Yake

THAT the Recreation and Culture Committee recommend the Council of the Township of Wellington North appoint the following members to the Township of Wellington North Upper Grand Trailway Wellington Sub Committee in accordance with the adopted sub committee mandate:

- *Councillor Steve McCabe, Recreation and Culture Committee Chair*
- *Councillor Dan Yake, Recreation and Culture Committee member*
- *Barry Lavers, Director of Recreation, Parks and Facilities*
- *Dave Stack, volunteer member*
- *Ian Turner, volunteer member*
- *Jack Benham, volunteer member*

CARRIED

THE CORPORATION OF THE
TOWNSHIP OF WELLINGTON NORTH
RECREATION & CULTURE COMMITTEE MINUTES
JUNE 4, 2015 AT 8:30 A.M.

4) Trail Insurance update and meeting

Barry Lavers informed the committee that Paul Dowber, Treasurer, has scheduled a meeting with the Township insurance providers on June 15 with the trail subcommittee to discuss insurance for the trail and volunteers. Mike Givens, CAO, indicated that the volunteers have expressed a desire to be covered by Township insurance. In order to facilitate this it will be essential for the Township to be provided with up to date volunteer list and will require training for volunteers as well as be kept informed of what work is being done on the trail.

5) Canada 150 Infrastructure Funding

Resolution REC 2015-31

Moved by: Councillor Yake

Seconded by: Councillor Dobreen

THAT the Recreation and Culture Committee recommend the Council of the Township of Wellington North direct staff to proceed with a Canada 150 Infrastructure Funding applications for the following projects:

- *Kinsmen Ball Diamond*
- *Arthur Arena Project*

CARRIED

CORRESPONDENCE

Arthur Optimist Club

- Splash Pad
- Report RAC 2015-006 Arthur Optimist Splash Pad
- Mayor Lennox, who was unable to attend, submitted written comments related to the Arthur Optimist Club's request. Those comments were reviewed by the Committee.

Staff Direction - The Committee gave direction to the Director of Recreation to respond to the Arthur Optimist Club in writing about their proposal. Said correspondence would reference comments and concerns raised in the Mayor's written comments and also the report that was presented to the Committee by the Director (financial, liability etc.). Additionally the correspondence should reference the needed repairs for the Optimist pavilion as an optional project that the Committee has indentified.

RESOLUTION REC 2015-32

Moved by: Councillor Dobreen

Seconded by: Councillor Yake

THAT the Recreation and Culture Committee receive for information Report RAC 2015-006 being a report on the possibility of the Arthur Optimist Club building a splash pad in the Village of Arthur;

AND FURTHER THAT Co-Chairs of the Arthur Optimist Club Project Committee be invited to meet with the Recreation & Culture Committee for further discussion.

CARRIED

THE CORPORATION OF THE
TOWNSHIP OF WELLINGTON NORTH
RECREATION & CULTURE COMMITTEE MINUTES
JUNE 4, 2015 AT 8:30 A.M.

Councillor Yake left the meeting at 9:30 a.m. Quorum was lost and the meeting was adjourned and no further formal business was conducted.

Gary Schellenberger, Perth-Wellington Conservative MP

Four projects in Perth wellington will share \$362,000. from the Canada 150 Community Infrastructure Program.

MP Gary Schellenberger says the rehabilitation of Market Square in Stratford will receive the bulk of the funding at \$250,000.

Repairs to the Harry Parrott Pumping Station in West Perth will get \$67,000.

Wellington North will received \$24,000 for upgrades to the Arthur Community Centre, and Perth East gets \$20,000 for improvements to Pioneer Park.

"Our Government is committed to creating jobs, growth and long-term prosperity for Canadians

through investments in our communities. By improving community infrastructure through these local projects, we are helping to boost economic activity and maintain a high quality of life for residents of all ages."

-Gary Schellenberger, MP, Perth Wellington

"The importance of this funding coupled with the significance of our country's sesquicentennial, make this investment in our downtown infrastructure a very strategic and worthwhile project."

-Dan Mathieson, Mayor, City of Stratford

"The Harry Parrot Pumping Station Upgrades will ensure the continued safe and energy efficient operation of a vital component of the wastewater system. As a municipal asset that is vital to the public's health and welfare, it is critical and legislated that the standards for the treatment of wastewater be maintained. West Perth is pleased to have received this celebratory funding and expresses its gratitude to the Canada 150 Community Infrastructure Program for its approval."

-Walter McKenzie, Mayor, Municipality of West Perth

"We are proud to partner with the federal government in celebrating 150 years of Canada and are delighted they have agreed to help fund some important upgrades to the Arthur Community Centre, a place where we often celebrate our community pride."

-Andy Lennox, Mayor, Township of Wellington North

"The Township of Perth East is pleased to be able to replace the Pioneer playground equipment in Millbank with the help of the anada funding announcement. The new playground equipment, will be a welcome community addition and promote the recreational activities in an accessible format."

-Bob MacMillan, Mayor, Township of Perth East

Attn: Mr. Barry Lavers
Director of Parks & Recreation
Wellington

September 2, 2015

Dear Mr. Lavers;

As per our tel-econ, I have some parents with children that drive from Arthur to Grand Valley weekly to participate in dance classes at the Grand Valley & District Community Centre. They have repeatedly asked that I come out to Arthur to hold classes as a convenience to them. Pending interest, as there must be enough little dancers to make it worth while, I would like to use the room upstairs at the Arthur Arena to hold classes for 2 or 3 hrs one evening a week until the end of May, 2016 when we break for summer after our recitals. I am currently advertising the possibility of classes starting for Arthur residents and based on the feed back I receive over the next couple of weeks, will determine if I can accommodate the families who have expressed interest. I anticipate there will be some positive response, but there may in fact be insufficient students to make it worth while after paying the instructors and rent. That being said, because we are a very small, laid back studio and the fact that there are no fancy mirrors and ballet barres at the facilities I use, my fees are well below other studios and thankfully the current locations I am using in Grand Valley, Shelburne and Dundalk realize that and charge me only \$30-\$35 (+HST) per evening. If your organization would be willing to do same it would be greatly appreciated! I am fully insured for our little dance school through the Co-Operators and can provide proof of such. Hopefully we can come to an amicable agreement and there are enough interested families in the community to provide this service to them for their convenience. Please let me know as soon as possible so that I can confirm with those who have already pre registered on line that this will really happen this year! At this juncture, Thursdays would work best, and we would be looking at perhaps 5:30pm to 7:00pm or 8:00pm depending on the number of classes I can put together, and the commuting schedule of the parents.

Many thanks, and I look forward to hearing from you!

Sincerely,

Lori Gray

CUSTOM BLENDED TREATMENTS LIMITED

Proposal is Provided By:

CUSTOM BLENDED TREATMENTS LIMITED

54 Guelph Avenue
Cambridge, Ontario N3C 1A3
(519) 658-1130
customblended@gmail.com

Proposal is Provided To:

Township of Wellington North

7490 Sideroad 7 West
P.O Box 125
Kenilworth, Ontario N0G 2E0

August 21, 2015

To: Barry Lavers, Mark Mackenzie

Dear Sir(s),

Thank you for the time and courtesy extended to me during my recent visit to your facility.

At your request, I am pleased to provide you with our product pricing to treat all of the water at the Mount Forest Community Arena.

Cal Clear System

To help prevent the problems you are seeing within the system I would like to recommend the use of our Cal Clear system which is capable of preventing or reducing scale and corrosion.

What is CAL CLEAR?

Cal Clear is a water treatment product used to solve specific water quality problems resulting from inorganic contaminants (iron, manganese, calcium, etc.) in ground water supplies and also to maintain water quality (inhibit corrosion, scale, bio film, reduce lead and copper levels) in the distribution system. Cal Clear is a proprietary blend of food grade Orthophosphate and Polyphosphate. Ortho and polyphosphates work together, stabilizing water quality and minimizing color, scale, deposits, corrosion, and chlorine demand in drinking water systems. Cal Clear is manufactured with food grade materials that are certified to NSF 60 standard for use in potable water .

What are the problems that Cal Clear can help to solve?

Cal Clear is used in municipal, commercial and Agricultural water systems to perform three broad functions: inhibit corrosion of water mains/plumbing (iron, steel, galvanized, asbestos/cement, lead, copper), sequester nuisance metals in the water supply (iron, manganese, calcium, magnesium). They can also improve the quality of water in the

distribution system by removing scale deposits & tuberculation; discourage microbial film formation/regrowth, and stabilizing free chlorine disinfectant residuals.

The use of this product will benefit not only the building piping and related fixtures but also the hot water heaters, heat exchangers, condenser system and flood water.

As discussed during our meeting, the installation of our Cal Clear system requires the installation of a 3 inch contact head flow meter on the incoming line into the building to be able to control the treatment feed pump so that the treatment feed is proportional to water usage.

As you are aware, the use of this product in many facilities across Ontario has provided exceptional results in combating scale and corrosion. As it requires only small amounts of this product to achieve the desired results, economy is assured.

For maximum protection I would like to recommend that we use Cal Clear in conjunction with the water softener .

Pricing

Products	Description	Price	Quantity	Amount

Mount Forest, Ontario

#1 – 3 -4 ft gates @ playground to stop kids running out onto Wellington and Newfoundland St.

\$1000.00 + HST

#2 – Repair to Ball Diamond by Arena

- Retie 4 ft fence in front of dugouts
- Retie back stop 10ft from bottom
- 20 ft of new 2" x9 ga x8 ft Galv.on 3rd baseline between backstop & dugouts
- 30 ft of new wire in front of 3rd base dugout (cut down 5ft wire)
- 4-5 post pulled & reset by dugouts
- Replace 40 ft of 8' on outfield third baseline
- Fix bottom rail & retie on third baseline
- Straighten post
- Retie outfield fence
- Pull & reset 8-9 line posts in outfield
- Retie 1 st baseline
- 30 ft of new 2" x 9ga x 8ft on either side of double gates on first baseline
- Repair rail ends @ park gate + 1 length of top rail.

Estimate: \$4300.00 + HST

Total \$5300.00 Estimate price only

We could be \$5500.00 to \$6000.00 + HST for this.

Thanks,

Noel Johnson

**TO: RECREATION & CULTURE COMMITTEE
MEETING OF SEPT 15, 2015**

**FROM: Barry Lavers
Director of Recreation Parks & Facilities**

**SUBJECT: REPORT RAC 2015- 009 BEING A REPORT ON THE
LETTER of AGREEMENT UPPER GRAND TRAILWAY WEST LUTHER**

RECOMMENDATION

THAT Report RAC 2015-009 being a report on the Letter of Agreement Upper Grand Trail between the Township of Wellington North and the Arthur Trails Group be received;

AND FURTHER THAT the Recreation and Culture Committee recommends the Council of the Township of Wellington North authorize the Mayor and CAO enter into the Letter of Agreement on behalf of the Township of Wellington North to further the development and future operations/maintenance of the Upper Grand Trailway West Luther (former CP Rail Lands)

PREVIOUS REPORTS PERTINENT TO THIS MATTER

Council Resolution 2015-55 Arthur Trails Committee
Council Resolution 2015-277 Wellington North Upper Grand Trailway Sub Committee
Mandate

BACKGROUND

With the establishment of the Wellington North Upper Grand Trailway Subcommittee an agreement (attached) has been drafted with the Arthur Trails Group. The proposed agreement outlines the responsibilities for the management and operation of the Upper Grand Trailway West Luther.

STRATEGIC PLAN 2015-2018

The Township recently approved in principle Strategic Plan identifies the need “to explore new strategic partnerships where additional resources can be accessed in order to meet the service needs of our community (neighbours, service clubs, etc.)”. The Upper Grand Trailway West Luther Sub Committee is an example of this type of partnership.

Letter of Agreement

August 24, 2015

Purpose

For the development, day to day operation and continued management of the Upper Grand Trailway West Luther.

Background

The Arthur Trails Group is a group of volunteers dedicated to the development, maintenance and preservation of the trailway. The group consists of an executive of three, plus six trail wardens.

The Arthur Trails Group will be the trail's advocate. The trail will be a major community asset and be there for its residents and for visitors to come to use and appreciate. For this reason the Arthur Trails Group assumes responsibility to the continued management and operation of the trail. We will fundraise to raise the necessary funds to build the trailway. The Township of Wellington North, as owner of the trailway will maintain adequate liability insurance on the trailway. As such the Arthur trails Group will maintain and provide the Township (Director of Recreation) a current listing of Trails Group Executive, Trail Wardens and any other volunteers maintaining the trail on an ongoing basis.

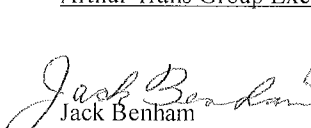

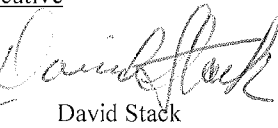

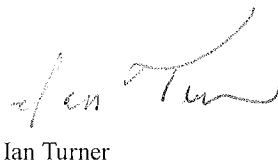

The Arthur Trails Group is committed to connecting the Upper Grand Trailway West Luther to the Arthur River Trail and to the Upper Grand Trailway Dufferin. We will explore other connections in the future.

The trailway will be made safe, as trail wardens regularly patrol the trailway and document their findings to the Township of Wellington North.

The Arthur Trails Group will send a progress report to the Township of Wellington North annually, on or before the end of March each year.

This agreement will remain in effect for five years from the date of signing.

Arthur Trails Group Executive

ARTHUR ARENA STRUCTURAL INSPECTION**

RECOMMENDATION

THAT Report RAC 2015-010 being a report on the Arthur Arena Structural Inspection by B.M Ross be received for information.

PREVIOUS REPORTS PERTINENT TO THIS MATTER

None

BACKGROUND

At the April 7, 2015 Recreation & Culture Committee meeting a discussion was held with regards to a structural inspection of the Arthur Arena to be conducted in 2015. The last structural inspection of the facility was conducted by B.M. Ross Engineering in 2006. Staff was directed to proceed with an inspection which was done on June 3, 2015. The attached report prepared by Andrew Ross P.Eng outlines the results of the inspection.

In the report there was a recommendation for caulking on various exterior control joints to be replaced and this work was completed in August 2015.

Dear Sir

RE: Arthur and Area Community Centre – Structural Review

On June 3, 2015, Andrew Ross, P.Eng., reviewed the structure of the Arthur and Area Community Centre and the Aquatic Centre. The review was limited to the structure of the building and no mechanical or electrical services were reviewed. The structural review was limited to the publicly occupied building and we did not review structures of ancillary components such as pipe racks or storage shelves. The inspection was assisted by the use of a hydraulic lift that provided hands-on access to the roof trusses over the arena.

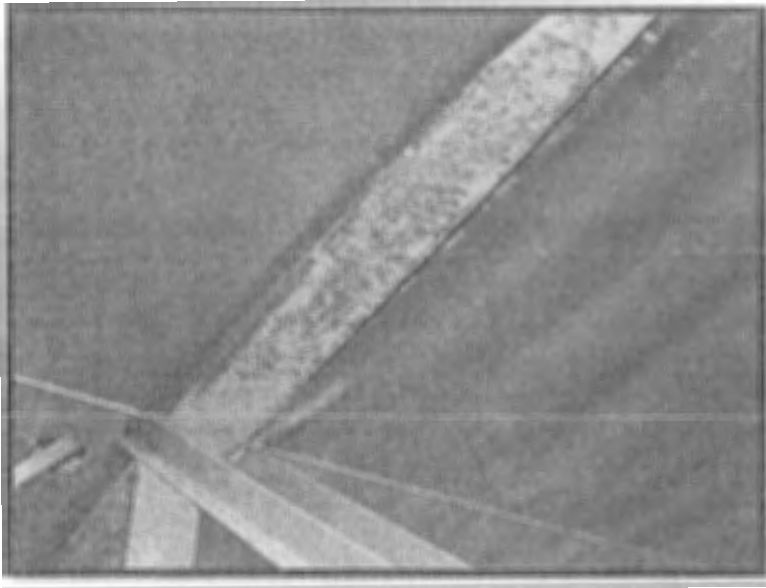

The main Community Centre was built in 1978 and was architect designed. The aquatic centre was built in 2005 and also had professional designs completed. From these dates, it has been assumed that the buildings were designed for live loads from the 1976 or later versions of the building code. No structural analysis was done for any building component. The inspection was aimed at identifying areas of deterioration as compared to the probable as-constructed condition.

The Community Centre was previously reviewed by professional engineers in 1993, 1998 and 2006. The Aquatic Centre was built under designer review in 2005. There have been maintenance works done such as painting or roofing membranes, but no significant rehabilitations have been made to the building.

Arena Roof

The arena roof is framed with steel trusses at close spacing so the deck spans between trusses without purlins. The underside of the galvanized steel deck shows some stains of condensation and there were some isolated spots of rust. A reflective membrane between the trusses makes it difficult to view the decking. We were able to make close-up spot inspections but could not do an over-all inspection of the roof deck.

The steel trusses have some minor localized rusting. The bottom chords have been re-coated but the top chords appear to have the original paint and are in worse condition. However, this deterioration is superficial and is not yet significant to the structure. Typically, the corrosion is the result of high humidity levels over the ice. The bottom chords of the trusses are not straight and have some lateral misalignment. This was noted in previous reports and is likely the as-constructed condition. Especially noteworthy is the 4th truss from the north end.

Typical corrosion top
of roof truss.

The trusses of this roof, and over the community centre, were designed with the bottom chords to be attached, as braces, to the masonry walls. This type of design is now discouraged because of stresses induced in the walls. However, no cracks were observed in the walls.

Hall and Ancillary Rooms

The change rooms, washrooms, utility rooms, upper hall and other ancillary rooms were reviewed for deflections, cracks or other deficiencies. No significant problems were observed.

The community centre hall and adjoining rooms were reviewed and no structural deficiencies were observed.

Some stepped cracks were visible in the masonry where some minor settlement or contraction has taken place. These were noted for comparison with the next inspection. None were significant enough to warrant a repair.

Exterior

The exterior of the walls and the roof were observed. Cracked masonry, previously reported, had been repaired. The roof membrane shows one area of blistering near the southeast corner. This is a symptom of aging, but staff did not report any leaks yet.

The control joints in the exterior masonry have aged, hardened, and cracked. This will allow water to the interior of the wall which can cause damage. Maintenance replacement of the caulking is recommended.

Cracked joint sealant needs replacing.

Aquatic Centre

The low-level addition at the south end of the arena contains the Aquatic Centre. Its construction is similar with structural masonry walls and precast concrete roof slabs. The roofing membrane appears to be a built-up membrane, coated in granular ballast. All structural components appeared to be in good condition.

Recommendations

The most common method to prevent rusting of the trusses over the arena is to provide dehumidification. We understand that a new dehumidifier has been recently purchased and is awaiting installation.

The exterior face of the masonry walls has a number of control joints to prevent stress cracks. These joints are sealed with a flexible caulking that has dried out and cracked with age. These joints should be cleaned out and re-caulked with a new flexible sealant.

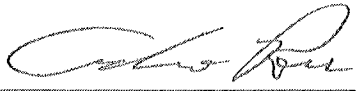

Otherwise, we did not observe any structural deficiencies that require repair within the next five years. It is recommended that the building be reviewed again in 2020.

Please call if you have any questions.

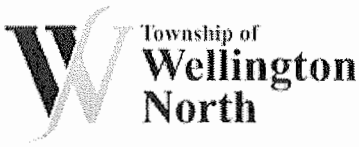

Yours very truly

B. M. ROSS AND ASSOCIATES LIMITED
