

TIPS TO SLAMMING THE DOOR ON SCAMS

- Know your rights-be informed
- Don't engage with door to door sales people; you are under no obligation to speak with them or even open the door
- Don't permit them to enter your home
- Call a family member, a neighbour, a friend or the police at 911 if you feel threatened or a salesperson refuses to leave your home or property when asked
- Do not give out any personal information on the phone. No bank, government or legitimate organization will call you to demand personal information and money over the phone
- Do not be embarrassed to ask for help from a neighbour, family member or police
- Warn friends, neighbours and relatives about scams and inform them of their rights
- NEVER sign anything that a door to door salesperson gives you, even though you feel pressure that you will miss getting a good deal if you don't sign immediately
- If you see door to door sales occurring in your neighbourhood contact the Wellington North OPP 519-343-5770 and report the area, street and license plate if possible.
