

## CULTURAL MOMENT

# AVALON MAGAZINE

A multi-media magazine, Avalon- available nationwide in both Canada and the US- is a lifestyle magazine that celebrates our global community by seeking to honor and empower, to inspire and learn. They explore the role of mentorship in the building of community. As well as their regular columnists, in every issue they feature gorgeous photo essays and compelling stories on world culture, the arts, travel, fashion, floral & home design, history, social commentary, fiction, and food & wine. They foster the ancient tradition of storytelling in sharing the pursuits, dreams, and efforts of people and organizations who inspire us and who are making positive changes in the world.

Co-published by Lorie Black, a Mount Forest resident, Avalon Magazine features local contributors and stories from Wellington North and Southern Ontario.
